

Barry Nguyen

Data Analyst - Business & Data Graduate

Burwood, NSW 2134 · Barrynguyen.work@gmail.com · 0451 405 154

[LinkedIn](#) · [GitHub](#) · Subclass 485 visa (full work rights, from Mar 2026)

SUMMARY

Applied Data Science and Business (Marketing) double-degree graduate who turns messy data into business decisions. Strong across the analytics stack - **Python, SQL, Power BI, Tableau and Excel** - with a foundation in statistics and the communication skills to present findings to non-technical stakeholders.

SKILLS

- **Analytics & BI:** Power BI, Tableau, interactive HTML dashboards (Chart.js), Excel, data visualization, EDA
- **Programming:** Python (pandas, NumPy), SQL, R, Git
- **Statistics & modeling:** regression, classification, PCA, correlation analysis
- **Business & communication:** stakeholder engagement, presentation, turning insight into action

PROJECTS

Home Sales - Performance Dashboard - [Live](#) · [GitHub](#)

- Analysed 9,999 e-commerce orders (\$2.86M completed vs \$1.44M cancelled) and surfaced the key insight: a **33% cancellation rate uniform across every category, payment method and month** - reframing the problem away from product mix.
- Cleaned the raw data (standardised 9 order-status variants, split a mashed quantity:cost field, ISO dates), modeled a star schema, and built an interactive HTML/Chart.js dashboard.

Global Health Inequality - Tableau Dashboard - [GitHub](#)

- Built tree-map, choropleth, trend and scatter views over WHO data; found the African region carries the largest affected-population share, and flagged reporting caveats honestly.

Wine Quality - Machine Learning - [GitHub](#)

- EDA on 5,320 wines: alcohol is the strongest predictor of quality ($r = 0.47$); Ridge regression cut RMSE to 0.72 vs a 0.88 mean baseline.

EXPERIENCE

Marketing Intern - JRM Team

Jan 2024 - Mar 2024

Sydney, NSW · Social & content marketing

- Analysed audience-engagement data to refine content strategy, growing average views **10x** (2-3 to 30+) and the follower base by **100+ per month**.
- Prioritised and scheduled deliverables across channels, consistently meeting weekly deadlines.

Marketing Executive - WVISA (Vietnamese Students Association)

2023 - 2024

Parramatta, NSW · Student association

- Led communications across 10+ events and independently managed a full content calendar under event-driven deadlines.

EDUCATION

Western Sydney University

2021 - 2025

Sydney, NSW · Double degree

- Bachelor of Applied Data Science - GPA 6.0/7
- Bachelor of Business (Marketing) - GPA 5.1/7

CERTIFICATIONS

Google Data Analytics - Foundations: Data, Data, Everywhere (Coursera, 2024) · Digital Marketing Foundations (LinkedIn, 2025) · HTML & CSS Essential Training (LinkedIn, 2023)
