SUMMARY

Applied Data Science graduate (GPA 6.0/7) with hands-on experience building end-to-end **machine-learning pipelines in Python** - from EDA and feature selection through model comparison, evaluation and honest interpretation. Grounded in **statistics**, and paired with a Business (Marketing) degree that connects model outputs to real decisions.

SKILLS

- **ML & modeling:** scikit-learn, regression, classification, PCA, k-NN, K-Means clustering, model evaluation (RMSE, accuracy, learning curves)
- **Programming:** Python (pandas, NumPy), R, SQL, Git
- **Data & viz:** EDA, feature engineering, matplotlib, seaborn, Tableau, Power BI
- **Communication:** presenting technical results to non-technical stakeholders

PROJECTS

Wine Quality - Machine Learning - [GitHub](#)

- Built an end-to-end scikit-learn pipeline on 5,320 wines (11 features) across three techniques.
- **Regression:** Ridge ($\alpha = 10$) cut RMSE to 0.72 vs a 0.88 mean baseline; alcohol was the strongest predictor ($r = 0.47$).
- **Classification (quality ≥ 7) with PCA:** reduced 12 to 8 components (90% variance); k-NN 84% / Logistic Regression 82%, with an honest discussion of class imbalance.
- **Clustering:** K-Means ($k = 3$) groups aligned ~99% with wine type, revealing chemistry - not quality - as the dominant structure.

Real Estate Price Prediction - Mexico

- Built an end-to-end ML pipeline in Python (WorldQuant University) with EDA-driven feature selection and an interactive real-time price estimator, achieving **85%+ prediction accuracy**.

Home Sales - Performance Dashboard - [Live](#) · [GitHub](#)

- Analysed 9,999 e-commerce orders and surfaced a 33% cancellation rate as the core revenue leak; cleaned the data and modeled a star schema.

EXPERIENCE

Marketing Intern - JRM Team

Jan 2024 - Mar 2024

Sydney, NSW · Social & content marketing

- Used audience-engagement data to drive content decisions - **10x** average views and **+100 followers/month**.

Marketing Executive - WVISA (Vietnamese Students Association)

2023 - 2024

Parramatta, NSW · Student association

- Managed communications and a full content calendar across 10+ events under tight deadlines.

EDUCATION

Western Sydney University

2021 - 2025

Sydney, NSW · Double degree

- Bachelor of Applied Data Science - GPA 6.0/7
- Bachelor of Business (Marketing) - GPA 5.1/7
